## SUMMARY

I am a passionate 3D Artist with 1 year of experience in creating visually appealing and realistic 3D assets. Proficient in Autodesk Maya for 3D modeling, texturing, and lighting, with a strong understanding of creating detailed models and realistic materials. Skilled in applying lighting techniques to enhance the visual quality of 3D scenes and dedicated to producing high-quality 3D assets with creativity, precision, and attention to detail.

## SKILLS

AUTO DESK MAYA
SUBSTANCE PAINTER
AFTER EFFECTS

## EXPERIANCE

**Sunita production Company**

I have 1 year of experience working at a company in 3D Modeling, Texturing, and Lighting using Autodesk Maya. I have also worked on project management and contributed to projects for a YouTube channel, gaining practical experience in 3D production and project coordination.

## EDUCATION

### Higher Secondary Certificate (HSC) – Science Stream

- Specialized in Physics, Chemistry, Mathematics, and Computer Science.

### Cosmos creative Academy ( 3D modeling, VFX )

- Studied core concepts of 3D Modeling, Texturing, Lighting, Materials, and Rendering using Autodesk Maya.
- Completed 3D projects focusing on creating detailed 3D models, applying realistic textures and materials, setting up professional lighting, and enhancing the visual quality of 3D scenes.
